Trains to and from Washington, Baltimore, etc. Special rates for the season. Booklet on request.

GREAT WORK DONE ABOUT CHASE CITY

New Building Going Up—Water Works, Sewerage and Lights. Good Roads.

Chase City, Va., August 10.—Chase City, as per 1910 census has a population of about 1,500 people, the citizens claim they have about 2,000. Assuming that Uncle Sam is correct, then the citizens of Chase City have spent within the last twelve months an average of about \$70 per head in building; that is to say, that within twelve months the sum of a little over \$100,000 has been spent in the erection of new buildings in the town. Ten of these buildings are for residential purposes, either completed or in the course of construction, when buildings will cost approximately \$50,000. The remaining \$50,000 represents the erection of five two-story brick stores, new buildings erected by the Chase City Manufacturing Company, the South Side Supply Company and K. Nicholson Furniture Company and an armory and a dormitory for the Institute, a colored institution which is just out of town.

In addition to these industrial enterprises by private capital, the town of Chase City has expended the sum of \$12,000 for a power plant, by which it furnishes electric light. The town is also erecting a new armory on Main Street to cost not less than \$25,000 nor more than \$30,000. The Council of the town has expended in the last year in improving the streets and sidewalks about \$5,000. The majority of the citizens of the town have pledged themselves to vote in favor of a \$25,000 bond issue at an election to be held on August 29, the proceeds from which are to be used for water and sewerage. By getting a majority of the voters to so commit themselves, the work on the water and sewerage will not be delayed by the reason of a technical error in the previous election.

Good Roads and Automobiles. Within the last two years the county of Shenandoah and the State of Virginia, when the present roads are completed, will have spent in the Chase City district the sum of \$85,000 on improved roads. There are ten automobiles in the town of Chase City and the Swift Motor Car Company report that they have sold and expect to deliver within the next two months ten new cars, making twenty auto owners in and around Chase City.

The substantial improvements represent an outlay of little over \$25,000. The money expended for improvements of roads, power plant and that expended in water and sewerage was obtained by the sale of county bonds and town bonds. The money representing permanent improvements by private individuals and incorporations was subscribed and obtained practically without meetings on the property so improved.

This condition shows the prosperity of the community, and, of course, Chase City invites the immigrants from other sections of the country to visit and investigate the land and meet the people, after which the natural advantages of this section for the home-seeker and investor will speak in tones louder than voices of man.

BUSINESS DOWN SOUTH. From All Parts Come Cheering News—No Dull Season Politics Not Hurting. Charleston, S. C., Aug. 10.—A week ending today, during what is popularly known as the "summer" season, here has been the exception of the rule. The South and Southwest that it is especially the period when business and development are making headway. The business world is supposed to stop and take breath. The development is expected to be a "summer" season, but the business world is not stopping. It is going on as usual, and with a considerable amount of activity.

Even politics, local and national, have been treated to a "summer" season. The political world is not stopping. It is going on as usual, and with a considerable amount of activity.

There's Room on the Train for Only a Few More Firms Boosters Tour List Closes August 17

H. L. Harwood, SECRETARY

TRAVELERS' PROTECTIVE ASSOCIATION

Richmond, Va.

Secretary Harwood of the T. P. A. Says:

The Richmond Boosters' Tour is worth a great deal to firms of this city seeking southside business, and it is well known to traveling salesmen that the country through which this trip will extend, is increasing in a business way by leaps and bounds, and where in the past few years there were small villages there are now many wealthy and prosperous cities.

The Salesman sees these improvements and evidences of prosperity, but does the head of the firm and the Sales Manager realize and appreciate these facts. Have they looked ahead to so arrange their business that they can take care of these growing conditions? A member of a large firm who was on last year's Boosters' Trip, after marching around for some time in one of the cities, remarked that he was astonished at the evidence of prosperity and wealth, stating that his firm was not getting the volume of trade from that city that conditions would seem to justify, and that he intended to know the reason.

The shipper may know his customer, but is he acquainted with the possibilities of the territory in which he is doing business? Reading about it does not give him that clear insight that comes from personal inspection, therefore the time given to such trips is well spent.

H. L. HARWOOD, Sec'y Va. Div., T. P. A. of A.

IF YOU Haven't Been Called Upon PHONE Monroe One FOR THE Booster Man

Follow the Arrows

Richmond's Commercial Organizations

Will Have Representatives on the Tour
